Profile

Highly motivated and detail-oriented IT fresher seeking an internship position to apply technical skills and gain practical experience in a professional work environment. I wish to work in a growth-oriented company and contribute to the development of the organization while upgrading my skill set and knowledge.

Education

PURSUING BACHELOR OF COMPUTER APPLICATION | 3 YEAR | TRINITY INSTITUTE OF PROFESSIONAL STUDIES AFFILIATED BY GURU GOBIND SINGH INDRAPRASTHA UNIVERSITY, SECTOR 16, DWARKA, NEW DELHI

CBSE BOARD | 12TH | AUGUST 2021 | PANCHSHEEL PUBLIC SCHOOL, JAIPUR, BADARPUR NEW DELHI

CBSE BOARD | 10TH | AUGUST 2019 | PANCHSHEEL PUBLIC SCHOOL, JAIPUR, BADARPUR NEW DELHI

Experience

Frontend Developer (FED), IBM Company, 12 June 2023 to 26 June 2023

- I am an intern in Front End Development at IBM, and I have been learning a lot about web development. One of the tasks that I have been working on is cloning the Netflix website. This has been a great learning experience, as it has allowed me to learn about the different aspects of web development, such as HTML, CSS, and JavaScript

Python Programming, CodSoft Company, 05 August 2023 to 05 September 2023

- I am an intern in Python programming at CodSoft, and I have been learning a lot about Python development. One of the tasks that I have been working on is the Todo App. This has been a great learning experience, as it has allowed me to learn about the different aspects of Python development.

Full Stack Developer, Growintern Company, 10 August 2023 to 10 September 2023

- I am an intern in Python programming at CodSoft, and I have been learning a lot about Python development. One of the tasks that I have been working on is the Todo App. This has been a great learning experience, as it has allowed me to learn about the different aspects of Python development.

Project

Portfolio Website

- ❖ A personal portfolio website is a showcase of one's professional work, skills, experience, and achievements. The website will include information about the person, their work history, their education, and their skills. It will also showcase some of their best work, such as projects
- ❖ Portfolio website link : <https://my-portfolio-website-0.netlify.app/>

~AnalysisMaster

- ❖ Designed and developed a data progress report application that simplifies and enhances the understanding of data in Excel sheet and CSV file formats. The application provides a variety of tools to convert raw data into graphical, tabular, or pie chart forms, making it easy to visualize data and extract insights.
- ❖ ~AnalysisMaster Project : <https://data-progress-report.streamlit.app/>

ChatApp Website

- ❖ Developed a chat application using Node.js and Socket.io that allows users to connect and communicate in real-time. The app features a user-friendly interface and supports various multimedia formats, including text, emoji Implemented
- ❖ ChatApp Website : <https://chatapp-lctw.onrender.com/>

CV-Generator

- ❖ A CV generator is a tool that allows users to create and design a professional-looking curriculum vitae (CV) without the need for manual formatting or design skills. Users can input their personal and professional information, and the generator will arrange it in a visually appealing format.
- ❖ Resume Generator website : <https://cv-and-resume-generator.netlify.app/>

Weather Detail API APP

- ❖ This is a simple project weather website designed to provide users with real-time weather information for a given location. It utilizes HTML, CSS, Bootstrap 5, JavaScript, and a weather API to deliver a user-friendly and visually appealing experience.
- ❖ WeatherApp : <https://weather-detail-api-app.netlify.app/>

Bank Management System

- ❖ The bank management system project was developed using Java with the Java Swing framework (JFrame) for the user interface and MySQL for the database management. This comprehensive system provides efficient and user-friendly features for banking operations, ensuring seamless transactions and data management.
